

JACKSON COUNTY
TENNESSEE
DEATH RECORDS

1936 – 1945

Mitzi Price Freeman

INTRODUCTION

Tennessee began recording deaths on a statewide basis in 1908 and continued until 1912 when the law expired. No deaths were recorded for 1913. Unfortunately during this time period, little useful genealogical data was provided. In 1914, the law was renewed, and a new form was created. Important genealogical information provided in the new form includes name of deceased, date of birth, place of birth, date of death, place of death, father's name, father's place of birth, mother's name, mother's place of birth, and burial location. Beginning in about 1930, the name of the deceased's spouse was also recorded. Unfortunately, many times this field was left blank.

The purpose of this abstract is to provide the genealogical information from these records. Since Jackson County's courthouse burned in 1872 and all the records prior to that date lost, these death certificates provide an important source for locating the names of an ancestor's father and mother. Maiden names of the mother are also provided.

All of the records for the years 1936 – 1945 have been transcribed, including the records for the infants and children. A total of 870 different certificates were abstracted. Every possible effort was made to correctly transcribe the information on the form. However, due to the illegibility of some of the handwriting, the "lightness" of the handwriting, and the quality of the film, there are bound to be errors.

The following information was abstracted from the form:

- Name of Deceased
- Certificate Number
- Date of Birth (if unavailable, the age of the deceased was used)
- Place of Birth
- Father's Name
- Father's Place of Birth
- Mother's Name
- Mother's Place of Birth
- Spouse's Name
- Burial Location

If any one of these fields was blank, the field was omitted in the transcription.

Tennessee libraries which have the death certificates on microfilm include: the Tennessee State Library and Archives (Nashville, TN), the Hamilton County Bicentennial Library (Chattanooga, TN), the McClung Library (Knoxville, TN), the Cleveland Library – History Branch (Cleveland, TN), and Putnam County Public Library (Cookeville, TN).

A copy of a death certificate may be obtained by sending \$5 and a stamped, self-addressed envelope to the Cleveland Public Library-History Branch, 833 North Ocoee Street, Cleveland, TN 37311. Please reference the county in which the death occurred, year of death and the certificate number.
